Awards@3D printing 2020

Experts level: (Scientific Service Achievement Award)

The award to the experts who have made outstanding contributions to advancing in **3D Printing 2020**. It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of **20+ years of experience** in the relative field in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the related subjects. You can nominate deserving of the award through online.

Professional level: (The Research Contribution Award)

The Award for professional or academic research activity acquired in Neuroscience research field in the public or private sector for **experts having research knowledge at 10+ years** in the field of **3D Printing 2020** with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher is recruited), even if a doctorate was never started or envisaged. You can nominate deserving of the award through online.

Scholar level: (The upcoming Researcher Award)

The conference offers Scholar Level Award for the upcoming scientists, researchers and experts having **10+ years research experience** in the field of **3D Printing 2020**. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the conference along with 5 minutes panel discussions. You can nominate deserving of the award through online.

Womens Scientist (The Women of Science Award)

Our Conference provides a unique platform for women scientists for presenting latest research projects with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries to who have **10+ years of research experience** to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online.

Outstanding_speaker in 3D Printing 2020

3D Printing 2020 believes in recognising our best speaker. The best speaker is selected as per their research abstract before the conference. All winners are determined by a selection panel. This award is designed to recognise and identify outstanding speakers who have achieved recent extraordinary eminence and success. Being an outstanding speaker means to deliver a message that engages an audience. The outstanding speaker awards will also be given on the basis of organization and professionalism of presentation, communication skills of the presenter and appropriate use of time. Each session will be evaluated separately. For speaker the person should be Professor, Researcher, Scientist, Entrepreneur etc. Selection of the Speaker will be made on the basis of the participant contribution in the respective research field. Each submission will be accepted based on the quality of abstract and conference sessions. Irrelevant submissions will be rejected. The acceptance and rejection of abstract submissions will be selected by the Organizing committee. All submissions will go through a procedure of quality checking by our team. Final approved abstract will consider for outstanding speaker award.

Best_Keynote_Speaker in 3D Printing 2020

3D Printing 2020 chooses a relevant keynote speaker to speak at conference. All accepted keynote speakers proposals will be considered for the Best Keynote Speaker Awards. The committee will select a number of candidates for the award among the accepted proposals. The winner will be selected at the conference, taking into consideration both the proposal and the presentation. Best keynote speaker can help to boost motivation, change their way of thinking and make audience energized and inspired.

For Keynote the person should be eminent or highly affiliated like Dean, Professor, HOD, Chair persons, CEO, CFO, MD   etc. Selection of the Best Keynote Speaker will be made on the basis of the participant contribution and years of experience in the respective research field. Each submission will be accepted based on the quality of abstract and conference theme. Irrelevant submissions will be rejected .The acceptance and rejection of abstract submissions will be selected by the Organizing committee. All submissions will go through a quality checking. Final approved abstract will consider for Keynote awards.

Best_Poster_Presentation in 3D Printing 2020

To be eligible for the awards Students interested in having their posters considered for the 3D Printing 2020 conference, they must have submitted an abstract of their poster to the conference. The award committee will consider all posters that relate to the study of public opinion, whether they focus on theory, substantive findings, research methods, and/or statistical techniques used in such research. All posters will automatically be considered for the Poster Awards and the posters will take place in the conference venue and Poster Judges will select the best posters. The winners will be formally announced during the closing ceremony. The winners will receive a certificate award.

Outstanding Masters/ Ph.D./ Post Doctorate thesis work Presentation in 3D Printing 2020

3D Printing 2020 gives the opportunity to young researchers in the different field of conferences. The best participants are selected as per their research abstract before the conference. If you are a young and dynamic researcher than you can join our conferences to explore new idea and research. A panel of judges will select the best YRF. Best YRF will be recognized publicly at the end of the conference. The Best YRF Awards will be given to the most outstanding presentation presented by a participant who has registered under the student category. Undergraduates, Master students, and Ph.D. students will be considered under this category. Selection of the YRF will be made on the basis of the participant contribution in the respective research field each submission will be accepted based on the sessions of the conference. Irrelevant submissions will be rejected. The acceptance and rejection of abstract submissions will be selected by the committee. All submissions will go through a quality checking. Final approved abstract will consider for YRF award.
