Vaccines R&D-2019 is an international platform for presenting research about Novel Vaccines - Research and Development, Cancer Vaccines, Vaccines Formulation & Discovery, DNA Vaccines, Novel Vaccines - Development and Production, Vaccine Delivery Systems and Adjuvants, Hepatitis, HIV and STD Vaccines, Vaccination for Emerging and Re-emerging Diseases, Biodefense Vaccine against Bioterrorism, Vaccines for Immune-Mediated Diseases, Vaccines for Pregnant Women and Neonates, Antibodies : Engineering and Therapeutics, Animal Models and Clinical Trials, Future Challenges & Current Research and Others for the benefit of both the academic and business. This event brings together world-class scientists, Researchers, and Academicians to explore the recent advancements that are taking place in the field of Vaccines & Vaccination.

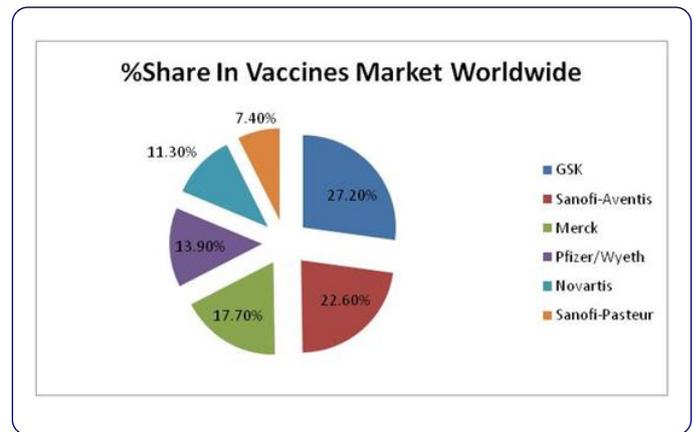

Why Prague?

Prague is the capital and most astronomically immense city in the Czech Republic, the 14th most immensely colossal city in the European Amalgamation and additionally the historical capital of Bohemia. Situated in the north-west of the country on the Vltava River, the city is home to about 1.4 million people, while its more immensely colossal urban zone is estimated to have a population of 2.2 million. The city has a temperate climate, with warm summers and algid winters.

Prague has been a political, cultural and economic center of central Europe consummate with genuinely opulent history. Founded during the Romanesque and flourishing by the Gothic, Renaissance and Baroque eras, Prague was the capital of the kingdom of Bohemia and the main residence of several Holy Roman Emperors, most eminently of Charles IV. It was a paramount city to the Habsburg Monarchy and its Austro-Hungarian Imperium.

Conference Highlights:

- Human Vaccines
- HIV/AIDS Vaccines
- Preventable Disease Vaccines
- Importance of Vaccination
- Veterinary Vaccines
- Clinical Trials on Vaccines
- Vaccine Safety and Efficacy
- Vaccine Research and Development
- Hepatitis Vaccines
- Cancer & Immunotherapy
- Influenza Vaccination
- Vaccines & Immunization
- Mucosal Vaccines
- Vaccines against Drugs
- Poultry Vaccines
- Polio Vaccines
- Vaccines for Pregnant Women and Neonates
- Fish Vaccines
- Vaccines for Immune-Mediated Diseases
- Vaccine Supply & Logistics
- Biotechnology and Modern Vaccine Technology
- Recombinant Vaccines
- Plant-Based Vaccines

EuroSciCon Group is prerogative to thank the Organizing Committee Members, Keynote speakers; Chair and Co-chairs on engross the keynote sessions and YRF and Poster sessions in an expanded manner to make this conference a privileged Summit.

The best Part of the conference was the keynote forum by prominent scientists gave their profitable contributions in the form of highly enlightening presentations and made the conference a best notch one.

EV 2019 witnessed a combination of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled issues related to the field of Vaccines & Vaccination. The extremely illustrious conference hosted by EuroSciCon was marked with the attendance of young and brilliant researchers, experienced professors, delegates and talented student communities representing their countries around the world.
