

Past Conference Report

Daniel Zink

Institute of Bioengineering and Nanotechnology, Singapore

The **20th World Congress on pharmacology and toxicology** were organized on **October 29-30, 2018 at Dublin, Ireland**. The Meeting was evident with the attendance of Board Members of sustained Journals of Allied Academies, Scientists, and talented student societies demonstrating more than 10 countries, who made this conference abundant and dynamic.

This conference was grounded on the Theme - "Researchers advances in the field of pharmacology and toxicology" which encompassed the following scientific tracks:

- Cancer Pharmacology
- Smart Drug Delivery
- Drug Development
- Pharmacogenomics
- Drug Policy
- Pharmacology Education
- Drug Safety
- Clinical Toxicology
- Environmental Toxicology

Pharmacology is combining of fields like biochemistry, toxicology, genetic engineering, molecular engineering and its advancement using

nanotechnology. pharma includes health care addition to drug development and discussed research and innovative works in the pharmacy field. As this conference, the international convention, B2B meetings, international workshops will also be organized to discuss the specific topics in the field of pharmacology and toxicology.

Conference Series has engaged the grand honor of felicitating World pharmacology 2017 Organizing Committee, Editorial Board Members and Keynote Speakers who reinforced the achievement of this event.

The esteemed invitees, Keynote speakers, well known scholars and delegates collective their advanced research and huge participation through their presentations at the platform of World pharmacology 2018. We are glad to inform that all abstracts which have been accepted for the conference have been published in journals of Cardiovascular Pharmacology: Open Access | World Pharmacology 2018. We are also grateful to numerous delegate professionals, company legislatures and other eminent personalities who sustained the conference by shortening active discussion forums. We sincerely thank the Organizing Committee Members for their kind presence, provision, and support. With the unique and positive reaction from the conference, Conference Series would like to declare the commencement of the "**21st World Congress on Pharmacology and Toxicology**" which is being organized during **August 26-27, 2019 at Dublin, Ireland**.
