

Save the date Aquaculture 2021 will be arriving!

Ernesto A Chavez

Professor, National Polytechnic Institute, La Paz, Mexico, E-mail: echavez@ipn.mx

Followed by the successful execution of the Aquaculture. we will be hosting our next version **European Summit of Aquaculture And Fisheries.** The theme focused for Aquaculture 2021 will be **“New Era in Aquaculture, Fisheries and Horticulture.”**

All your coordination with us for our Aquaculture 2021 involves extraordinary bliss. We anticipate all of you sharing your amazing information, examine thoughts and to make a sprinkle with new improvements at this 2-days occasion.

Aquaculture 2021 aims to bring all the life science professionals for our Aquaculture Meetings to interact and share their knowledge and their newest research to the entire aqua streams.

Also this time, our conference will focus on International Fisheries, Associations, and Organizations. This event will bring together Scientists, Directors, Professors, Students from academia and researchers in the field of Fisheries. Government officials and global leaders to drive up with most innovative discoveries, strong challenges and Research.

Aquaculture 2021 will be expecting more than 200+ Participants to enlighten the program. This time the Australia Aquaculture Conference will organize several Oral and Poster Presentations/Networking Sessions/Workshops/Symposiums/Exhibition as we have introduced some new tracks to bring in more participants.

We are looking forward for the Genetics 2021 Conference to be successful just as the previous Genetics Conferences!

We cordially invite all the Aquaculture Specialists, Professionals, Delegates, Researchers, and Students to make your physical presence in Australia on September 05-06, 2021.
