### JOURNAL HIGHLIGHTS

Archives of Clinical Microbiology [1989-8436] is running successfully since 2010. It is our pleasure to announce that journal published Volume 10 with 6 quality regular issues in the year of 2019.

Archives of Clinical Microbiology during this year also brought out conference proceedings of EuroSciCon Conference on Virology and Infectious Diseases.

All published articles of this journal are included in the indexing and abstracting coverage of Index Copernicus, Google Scholar, Global Impact Factor (GIF), CiteFactor, Electronic Journals Library, RefSeek, Hamdard University, EBSCO A-Z, Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed.

During the calendar year 2019, ROA received a total of 50 papers, out of which 24 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 11 articles were subjected for publication after they are accepted in the peer review process. In the 3 issues of Volume 10 published during the year 2019, a total of 11 articles were published of which, articles were published from authors all around the world including original research, review and case reports in the volume 10 focusing on critical topics related to microbiology and microbes. Current volume covered different key topics includes bacteriology, Virus, parasites. Average publication lag time of an article was further reduced to 2-3 weeks.

Upcoming volume 11 in 2020 journal would like to focus more on critical topics of depression like microbiology, microbes and coronavirus, COVID-19. As scanning of the lungs

due to Corona is important for many corona patients. We invite scholars, academicians, researchers and industry experts around the globe to contribute their scholarly literature findings, review studies or paper, white paper, case studies and research articles on microbial infections and infectious diseases symptoms.

Association with ImedPub group has increased Readership Metrics (By Google Analytics) of Archives of Clinical Microbiology which can be accessed at Google Analytics Metrics for the Archives of Clinical Microbiology.

We would like to take this opportunity to thank you for the exertion and skill that you add to reviewing, without which it is difficult to keep up the high standards of peer-reviewed journals.

### EDITOR-IN-CHIEF

Dr. Yoshihiro Kawaoka, Institute of Medical Science, University of Tokyo, Tokyo, Japan

### EDITORS

Dr. Xuehua Wan, Researcher, University of Hawaii at Manoa, Hawaii, United States

Dr. Ahmad S Attia, Professor, Cairo University, Egypt

### REVIEWERS

Dr. Karray Omar, Urology Unit, Interior security forces hospital, La Marsa, Tunisia

Dr. Rekha Neelakanta Pillai, Diana, Princess of Wales Hospital, Grimsby, United Kingdom
