### Past Conference Report

Conference series hosted on 25th Cognitive Neuroscience Congress throughout November 12-13, 2018 Dubai, UAE supported the theme “[Scientific gathering to unleash the new horizons in neurocognitive study](#)”.

In the occurrence of inter specialized researchers and doctors tangled in the expansion of high excellence tutelage in all characteristics of clinical skills, Conference Series LLC Ltd. 25th Neuroscience Congress was held in November 12-13, 2018 at Dubai, UAE.

Conference Series LLC Ltd played host to a diverse panel of key members of the Dermatology community from research lab, industry, academia and financial investment practices, discussing the future of [Neurology specialties](#). This event was really aimed for examining where the real [Neurology specialties](#) are going in the future and purpose of the event was to provide an opportunity for cross conception of ideas and development of ideas, in the field of [Neuroscience](#).

Firstly we must thank you for trusting us and contributing at Neurocognitive2018, a global platform to discuss various important aspects of [Neurology](#) and [Neuroscience](#).

There are immeasurable reasons to extend our appreciation to you for making the NeuroCognitive 2018 outstanding conference. We couldn't have done it without your unbroken support and believe towards our organization, which mutually made to achieve Neurocognitive 2018 new elevations in the field of [Neurology](#) and [Neuroscience](#).

The conference was marked by the presence of young and vivid researchers, business delegates and talented student communities representing more than 50 countries, who have driven this event into the path of success.

Dynamic sharing and ample response were received from the Organizing Committee Members, scientists, researchers, additionally as consultants from Non-government organizations, and students from various teams WHO created this conference joined of the primary productive events in 2018 from Conference series. The conference was marked with many workshops, multiple sessions, Keynote shows, panel discussions and Poster sessions. We tend to received vigorous contribution from scientists, young and good researchers, business delegates and gifted student communities representing quite thirty five countries, WHO have driven this event into the trail of success.

The conference was originated with a warm welcome note by Honorable guests and therefore the Keynote forum.

The event implanted a firm relation of upcoming strategies in the field of [Neurology](#) with the scientific community. The abstract and applicable knowledge shared, will also foster organizational collaborations to nurture scientific accelerations. **Alper İbrahim Dai**, Gaziantep University, Turkey and **Daniela Hristova**, Simbec-Orion, UK was the moderators of NeuroCognitive 2018. We are much thankful to both of them for their great support and held. The conference proceedings were dispensed through numerous Scientific-sessions and comprehensive lectures, of that the succeeding Speakers were highlighted as Keynote speakers: **Hadi Eltonsi**, **Cairo Unviersity, Egypt**; **Efthymios papatzikis**, Professor of Educational Neuroscience Music and Sound, Canadian University, Dubai; Javier Fiz Perez, European University of Rome, Italy; Khurram Sadiq, Greater Manchester Mental Health NHS Foundation, UK; **Jeffrey Rediger**, McLean Hospital, USA; The conference witnessed an amalgamation of peerless speakers, Keynote speakers, well-known researchers and delegates who enlightened the crowd with their enviable research knowledge and on various alluring topics related to the field of [Neurology](#) through their fabulous presentations at the podium of Neurocognitive 2018.
