Assistant professor, Department of Agriculture, VGU, India, E-mail: yamini.tiwari@vgu.ac.in

Young Scientist Awards

Conference Series LLC LTD is organizing “[12th Global Summit on Aquaculture & Fisheries](#)” which is going to be held in the month of **March 30-31, 2020 @ Hong Kong**. The Theme of the conference is “[Aquaculture, Fisheries and Marine biology](#)”. The [conference](#) offers Prestigious Award for Young Research’s at Aquaculture Summit 2020- Gathering the New-born Advances in **Aquaculture and Fisheries Sciences**.

Aquaculture Summit 2020 invites research scholars & young scientists, to submit the nominations for [Young Scientist Awards](#): Aquaculture Summit 2020. This Aquaculture Summit 2020 Young Scientist Awards will be announced at the upcoming “**12th Global Summit on Aquaculture & Fisheries**” at Hong Kong on March 30-31, 2020.

This [Aquaculture Summit 2020](#) is an initiative of Conference Series to recognize and provide incentives to the Young Researchers who has shown great potential at their respective field of research. We at Conference Series always encourage the young budding minds to start their career in the field of Aquaculture and Fisheries Sciences. The core of our Young Research Forum – [Young Scientist Awards](#) is to motivate the scholars to present their research ideas in front of the global experts and enhance their knowledge at our international platform. We at Aquaculture Summit 2020 provide the best networking experience to the participant for their overall professional growth and to promote the collaborative research.

Aquaculture Summit 2020 will be an investigation of new research Innovation in the field of [Aquaculture and Fisheries Sciences](#) spread the most recent advancements in Sustainability in Aquaculture and Environmental Impacts in Aquaculture. Discussion on new technology advancement in the field of [Aquaculture Disease and Health Management](#), Aquaculture Nutrition, Shellfish Farming, Fishery Resource Analysis and Monitoring, Aquatic and Marine Pathology, Techniques in Aquaculture Engineering, Marine Ecology and Biological Oceanography, Genetic Biodiversity in Aquaculture, Fisheries Biology & Management, Recirculating Aquaculture Systems, Aquatic Toxicology and more. Fish and other seafood represent a copious and in a progressively important source of healthy food for a developing world population. On aquaculture systems researchers focus on how automation and its accompanying is permitting skills such as smart sensors and monitoring systems. Aquaculture Summit 2020 offers a sole opportunity for researchers across the globe to meet, network, and perceive new scientific novelties.

Encounter the target market with members from across the globe, committed to learn about novel technologies and innovations in [Aquaculture and Fisheries Sciences](#). This is the

best opportunity to outreach the largest gathering of participants from around the world. Conduct presentations, distribute and update knowledge about the advancements in Fisheries Biology & Management and in different fields of Aquaculture by receiving name recognition at this 2-days event. World-eminent speakers, most recent researches, latest treatment techniques and the advanced updates in [Aquaculture and Fisheries Sciences](#) are the principal features of this conference.

Past Conference Report

We appreciate all our wonderful Keynote Speakers, Speakers, Conference Attendees, Students, Media Partners, Associations, Sponsors and Exhibitors for making “**11th Global Summit on Aquaculture & Fisheries**” during **May 24-25, 2018 Osaka, Japan** Successful.

Eligibility Criteria for [Young Scientist Awards](#) Aquaculture Summit 2020:

The Aquaculture Summit 2020: Young Scientist Awards: is for all young Researchers, Research Scholars (Preferably PhD, Post Doc, and Post Graduates & Graduates) who has involved themselves into the R&D sector. The candidates should have minimum 3+ years of research experience and published minimum 3 research articles in international journals. Part time researchers can be considered subject to recommended by the research guide or any director level designated person from the organization.

Applications are invited on first come first serve basis. Only 25 nominations will be accepted globally.

Judging Criteria:

Nominated candidates need to present their research or talk for 25-30 minutes in front of the panel members. Subject should be under the scope of the [Aquaculture Summit 2020](#) conference. Selection will be on the basis of individual accomplishments, quality & standards of research, noble thought, research methodology, innovative ideas, style of presentation, significance of the contribution to the field, originality, clarity, and future extended scope of the research and probability of bringing the research in terms of products/ services into public domain.

Nomination:

We invite [online applications](#) from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The student must be the first author & the student’s advisor should attach a statement that their contribution is primarily advisory.

Candidates applying for the Aquaculture Summit 2020: [Young Researcher Award](#) should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to aquaculturesummit@asia-meetings.com along with the online application at the Aquaculture Summit 2020 Award page.

Presentation:

This award will be presented at [Bangkok, Thailand](#) during Aquaculture Summit 2020 conference.

About Hosting Organization: Conference Series:

Conference Series LLC LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science,

Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.
